Sending Data between FORUM and CALLISTO Eye

FORUM to CALLISTO Eye

FORUM
1. Right-click the IOLMaster Report (that also has a REF Image) of the patient and select **Release IOLMaster report**
2. A Worklist entry (Automatic Order) is then required for the CALLISTO Eye.
   a. Highlight your patient
   b. Right click
   c. Select **Create Automatic Order for** > **CALLISTO Eye**

CALLISTO Eye
1. Select **Patient** (left panel)
2. Click **Import Patient**
3. Click **Planned patients** (DICOM)
4. This should indicate that the patient data you have just sent has been transferred and you will see that the patient has appeared in the patient list
